

Seventh through 12th grade additional immunization requirements for attendance.

2 doses of MCV
1 dose of Tdap

If the student is entering seventh grade, does he/she have one dose of Tdap and one dose of MCV?

NO

May exclude on first day of school until required dose(s) are received

YES

In compliance

If the student is entering 12th grade, does he/she have or plan to receive the second dose of MCV within the first five days of school?

NO

May exclude until required dose is received

YES

In compliance

NOTE for MCV

- If first dose is given at 11-15 years of age, a second dose is required at age 16 or entry into 12th grade.
- If one dose was given at 16 years of age or older, one dose is required.

Note for MCV and Tdap

A student who does not receive the required immunizations for seventh grade may be excluded in that school year and each succeeding school year that the student fails to obtain the required immunizations.

Foreign exchange students or foreign students visiting Pa. schools must follow the same requirements.
